We extend our friendship and offer reciprocal privileges to your members for another cruising season. Your courtesy card remains valid "Until Revoked". Please let us know if you do not have our card in your files and we will send a new one. You may also visit our website www.oiy.org for current club information and activities.

Your members are invited to make use of the OIYC 200' of dock and the picnic area when cruising in the San Juan Islands **except** Opening Day, the **first weekend in May**, and, Round the County Race, the **second weekend in November** during which the dock is in use for those club sponsored activities. The Yellow Zone on the east side of the dock is reserved for OIYC members. We offer a picnic shelter with a large barbeque and sink/clean-up area. Showers and restrooms are accessed by a combination lock on the door, as follows, for 2010 season: Press III, release; press I and V simultaneously and release. Turn the lock lever all the way to the right to open. *Please do not publish the combination on your website*; please block it out if this letter is reproduced for your members on your site. Thank you.

We ask that visitors fly their YC Burgee and log in at check in box at the head of the dock ramp.
